All Our Readers Should Take It.

One of the most useful as well as the most handsome weekly papers that comes to our sanctum is the American Land and Lave Advisor, published at Pittsburg, Pa., by Mossra. Croft & Phillips. It is truly a paper for the masses, and should be taken by every business man, mechanic, land owner, or those about to build, or purchase any kind of property. It gives you all your legal advice free, original designs for cottages, dwelling bouses suburban and country residences, and a vast fund of practical information such as is found in no other paper in the world. We find the following law questions submitted to the paper by subscribers answered fully, intelligently, and very satisfactorily in a recent issue. This feature is alone worth to every subscriber ten times the subscription price: Can a husband, who may be a justice, take the acknowledgement of his wife! (H. T.)

By the Kansas City, St. Joseph and Burling-ton Boute. "Though last not least," is an adage as true as it is old, and its truth is again exemplified by the completion of the New Line to the East, via Creston and Burlington, which, though the last, may be called the best route in the West. The Line consists of the Kansas City, Saint Joseph and Council Bluffs R. R., with two daily trains from Kansas City, through Leavenworth, Atchison and St. Joseph, to the Missouri State Line, there connecting with the Borlington Route, which leads direct to Chicago, Clocinnati, Indianapolia, Logansport and Columbus—through cars are boing ru

Ayer's Ague Cure,

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Agne. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm oan arise from its use in any quantity.

That which protects from or prevents thicknowled must be of immense service in the communities where it prevails. Precention

disorder must be of immense service in the communities where it prevails. Prevention is better than cure; for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the missmatic poison of Fever and Agrun from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. A great superiority of this remedy ever any other ever discovered for the speedy and cut the cut of the disease of the disease of the speedy and cut of the remediate of the speedy and cut of the s

Fever and Ague is not alone the corsequence of the miasmatic poison. A gre to variety of disorders arise from its irritation, among which are Neuralgius, Rheumantism, Gout. Headache, Blitindness, Toothache, Earache, Catarrh, Asihma, Palpitation, Patnful Affection of the hiptera. By steries, Pain in the Bowels. Colic. Paratynis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cum" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily resisting in the malarious districts. If these occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in acfficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

serious sickness and suffering is prevented by their timely uses and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Aper's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar-coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution or diet or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:—

each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:—
For Dyspensis or Hadigestien, Listicances, Languary, and Leas of Appentite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptome, Billions Colic and Billions Fields, Sick Headache, Jamadice or Green Mckness, Billions Colic and Billions Frevers, they should be judiciously taken for each case, to correct the diseased action, or remove the obstructions which cause it.

For Bysenfery or Bunryheen, but one mild dose is generally required.

For Rheumantism, Gout, Gravel, Palpitastion of the Heart, Pain in the 848c, Back, and Leinas, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Brepay and Brepalent Swellings, they should be taken in large and frequent doses to produce the effect of a drastic putze. For Suppression, a large dose should be taken, as it produces the desired effect by

cases, as it produces the observe effect of symicative. As a Dinner Pill, take one or two Pills to promote digestion, and relieve the stomach. An occasional dose stimulates the stomach and housels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists, thus who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleaning and renovating effect on the digestive apparatus.
